BESTSELLER From

Edward Rutherfurd, the grand master of the historical novel, comes a dazzling epic about the magnificent city of Paris. Moving back and forth in time, the story unfolds through

intimate and thrilling tales of self-discovery, divided loyalty, and long-kept secrets. As various characters come of age, seek their fortunes, and fall in and out of love, the novel follows nobles who claim descent from the hero of the celebrated poem *The Song of Roland*; a humble family that

embodies the ideals of the French Revolution; a pair of brothers from the slums behind Montmartre, one of whom works on the Eiffel Tower as the other joins the underworld near the Moulin Rouge; and merchants who lose everything during the reign of Louis XV, rise again in the age of Napoleon, and help establish Paris as the great center of art and culture that it is today. With Rutherford's unrivaled blend of impeccable research and narrative verve, this bold novel brings the sights, scents, and tastes of the City of Light to brilliant life. Praise for Paris "A tour de force . . . [Edward Rutherford's] most romantic and richly detailed work of fiction yet."—Bookreporter

"Fantastic . . . as grand and engrossing as Paris itself."—Historical Novels Review "This saga is filled with historical detail and a huge cast of characters, fictional and real, spanning generations and centuries. But Paris, with its art, architecture, culture and couture, is the undisputed main character."—Fort Worth Star-Telegram "Both Paris, the venerable City of Light, and Rutherford, the undisputed master of the multigenerational historical saga, shine in this sumptuous urban epic."—Booklist "There is suspense, intrigue and romance around every corner."—Asbury Park Press

According to ancient Japanese protocol, foreigners deigning to approach the emperor did so only with fear and trembling. Terror and self-abasement conveyed respect.

Amélie, our well-intentioned and eager young Western heroine, goes to Japan to spend a year working at the Yumimoto Corporation. Returning to the land

where she was born is the fulfillment of a dream for Amélie; working there turns into comic nightmare. Alternately disturbing and hilarious, unbelievable and shatteringly convincing, *Fear and Trembling* will keep readers clutching tight to the pages of this taut little novel, caught up in the throes of fear, trembling, and, ultimately, delight.

A true romantic at heart, N.R.Hart expresses feelings of love, hope, passion, despair, vulnerability and romance in her poetry. Trapping time forever and a keeper of memories is what she loves most about the enduring power of poetry. Her poetry has been so eloquently

described as "words delicately placed inside a storm." Poetry is here to make us feel instead of think; as thinking is for the mind and poetry is for the heart and soul. N.R.Hart hopes to open up your heart and touch your soul with her poetry.

Isn't translation all about saying exactly the same thing in another language? Aren't national images totally outdated in this era of globalization? Most people might agree but this book amply illustrates how persistent and multifaceted clichés on translation and nation can be. Time and again, translating involves making transfer choices and these choices are never neutral. Though globalization has seemingly all but erased national ideologies and cultural borders, such ideologies and borders continue to play a

determining role in conflicts, identity politics and cultural profiles. The place where transfer choices and forms of national and cultural representation come together is also the place where Translation Studies and Imagology meet. This book offers a wealth of chapters showing how decisive selection and transfer processes can be in representing national images, both self-images and images of the other(s). It shows also how intensely the two disciplines can work together and mutually benefit from shared data and methodologies.

Language is intimately
related to interaction.
The question arises: Is
the structure of
interaction somehow
mirrored in language
structure and use? This
book suggests a
positive answer to this
question by examining
the ubiquitous
phenomenon of fictive
interaction, in which
non-genuine
conversational turns
appear in discourse,
even within clauses,
phrases, and lexical
items (e.g. "Not
happy? Money back!
guarantee"). The book
is based on a collection
of hundreds of
examples of fictive

interaction at all grammatical levels from a wide variety of spoken, written, and signed languages, and from many different discourse genres. Special attention is devoted to the strategic use of fictive interaction in legal argumentation, with a focus on high-profile criminal trials. Both trial lawyers and lay jurors often present material evidence or murder victims as speaking, and express emotions and intentions in conversational terms. The book thus establishes the role of the conversational turn—rather than the sentence—as the basic unit of language, and the role of conversation as a frame that structures cognition, discourse,

and grammar.

As marketing specialists know all too well, our experience of products is prefigured by brands: trademarks that identify a product and differentiate it from its competitors. This process of branding has hitherto gained little academic discussion in the field of literary studies. Literary authors and the texts they produce, though, are constantly 'branded': from the early modern period onwards, they have

been both the object and the initiator of a complex marketing process. This book analyzes this branding process throughout the centuries, focusing on the case of the Netherlands. To what extent is our experience of Dutch literature prefigured by brands, and what role does branding play when introducing European authors in the Dutch literary field (or vice versa)? By answering these questions, the volume seeks to show how literary scholars can account for the phenomenon of branding.

A Solitary Blue Farrar, Straus and Giroux
De helaasheid der dingen / druk 59
Marcel Manning

An autobiographical

novel about growing up gay in a working-class town in Picardy. "Every morning in the bathroom I would repeat the same phrase to myself over and over again . . . Today I'm really gonna be a tough guy." Growing up in a poor village in northern France, all Eddy Bellegueule wanted was to be a man in the eyes of his family and neighbors. But from childhood, he was different—"girlish," intellectually precocious, and attracted to other men. Already translated into twenty languages, *The End of Eddy* captures the violence and desperation of life in a French factory town. It is also a sensitive, universal portrait of boyhood and sexual awakening. Like Karl

Ove Knausgaard or Edmund White, Édouard Louis writes from his own undisguised experience, but he writes with an openness and a compassionate intelligence that are all his own. The result—a critical and popular triumph—has made him the most celebrated French writer of his generation.

The Sorrow of Belgium

John Benjamins Publishing Company
Amid the lush abundance of Java's landscape, two boys spend their days exploring the vast lakes and teeming forests. But as time passes the boys come to realize that their shared sense of adventure cannot bridge the gulf

between their backgrounds, for one is the son of a Dutch plantation owner, and the other the son of a servant. Inevitably, as they grow up, they grow estranged and it is not until years later that they meet again. It will be an explosive and emblematic meeting that marks them even more deeply than their childhood friendship did.

Branding Books Across the Ages Amsterdam

University Press
The importance of a minor language in the field of world literature Dutch literature is increasingly understood as a network of texts and poetics connected to other languages and literatures through translations and adaptations. In this

book, a team of international researchers explores how Dutch literary texts cross linguistic, historical, geophysical, political, religious, and disciplinary borders, and reflects on a wide range of methods for studying these myriad border crossings. As a result, this volume provides insight into the international dissemination of Dutch literature and the position of a smaller, less-translated language within the field of world literature. The title *Doing Double Dutch* evokes a popular rope-skipping game in which two people turn two long jump ropes in opposite directions while a third person jumps them. A fitting metaphor for how literature circulates

internationally: two dynamic spheres, the source culture and the target culture, engage one another in a complex pattern of movement resulting in a new literary work, translation, or adaptation formed somewhere in the middle. The Supermale

Frank, tender, and brutally funny, Dimitri Verhulst's semi-autobiographical story details the vibrantly entertaining journey of a boy growing up in a family of alcoholics in Belgium. Sobriety and moderation are alien concepts to the men in Dimmy's family. Useless in all other respects, his three uncles have a rare talent for drinking, a flair for violence, and an unwavering commitment to the pub. And his father Pierre is no slouch either. Within hours of his son's birth, Pierre plucks him from the maternity ward, props

him on his bike, and takes him on an introductory tour of the village bars. His mother soon leaves them to it and as Dimmy grows up amid the stench of stale beer, he seems destined to follow the path of his forebears and make a low-life career in inebriation, until he begins to piece together his own plan for the future. Bringing to life the shambolic upbringing that *The Guardian* describes as, "the odd, ugly, excremental poetry of their grubby lives," *The Misfortunates* "can be unexpectedly tender as well as uncomfortably funny... this novel continually surprises and intrigues."
