"The Common Core State Standards (CCSS) are the first academic standards to be independently adopted by almost every state in the country. The purpose and intent of the Common Core standards for English Language Arts (ELA), as well as Literacy in History/Social Studies and Science Education, are the focus of this book. Each of the chapters addresses one of the major English Language Arts domains: literature, informational texts, foundational skills, writing, speaking and listening, language, technology, and assessment. The objective of the chapters is twofold: to provide a theoretical background and detailed explanation of each of the CCSS/ELA standards, as well as practical suggestions, classroom vignettes, models, instructional resources, and unit ideas to implement the standards"--

Linking Assignments to Assessments is designed for teachers in training in TESOL programs, future preK-12 teachers, and practicing instructors who need to integrate assessment into classrooms. Educators seeking fair and accessible assessment practices for English learners will find helpful information on language acquisition and differentiated instruction. The book shares foundational information on the importance of assessment literacy and on how language acquisition, student backgrounds, and language standards need to be considered. Linking Assignments to Assessments offers step-by-step instructions on

creating effective assessments for listening and reading, speaking and writing, grammar and vocabulary. Teachers are provided context for understanding standardized assessments and strategies to advocate for and prepare English learners in high-stakes assessment contexts. Each chapter includes activities, discussion questions, and strategies for developing an assessment philosophy to help educators link their theory and practice.
