Each volume includes list of members, and "objects of the institute" (except v. 31, which has no list of members). Beginning with v. 12, a list of the papers contained in preceding volumes is issued regularly with each volume.

**Jane Eyre, Twilight, and the Mode of Excess in Popular Girl Culture** Springer

By drawing attention to the wide range of gruesome, bloody and confronting amusements patronised by ordinary Londoners this book challenges our understanding of Victorian society and culture. From the turn of the nineteenth century, graphic, yet orderly, 're-enactments' of high level violence flourished in travelling entertainments, penny broadsides, popular theatres, cheap instalment fiction and Sunday newspapers. This book explores the ways in which these entertainments siphoned off much of the actual violence that had hitherto been expressed in all manner of social and political dealings, thus providing a crucial accompaniment to schemes for the reformation of manners and the taming of the streets, while also serving as a social safety valve and a check on the growing cultural hegemony of the middle class.

[Victorian Maid Erotica Collection](#) W. W. Norton & Company

Three steamy and sensual tales of maids who need to be punished and masters who know how to deliver the strict discipline they require. Story 1:

Mastering the Maid Lord Albert Rook is a hedonist and rake, delighting in the darker side of human nature. Where he sees innocence, he longs to corrupt it. Isabel is the embodiment of innocence, or so it seems. A young maid in Lord Rook's service, she is submissive and shy. Perfect for what his Lordship intends... Over the course of one sinful night, Lord Rook teaches Isabel to embrace the dark delights of debauchery, and to surrender her body and soul to her new master. Story 2: The Maid Submits Jenny is a seamstress, her family so poor she can barely make ends meet. She dreams of rescue and romance, of a handsome prince who will fall in love with her and make her life a fairy-tale. Instead, she enters the employ of Mr Grayshott, a handsome and enigmatic gentleman of means. Jenny soon discovers that he requires her to submit fully to his twisted desires - and that in submission, she awakens her own depraved passions... Story 3: The Corruption of the Maid Helen's life is tedious. Maid to a rich but distant couple, she wishes for a little excitement in her life. But when the prodigal son returns, she gets more than she bargained for. Young Mr Elliott has a taste for innocent young women - and a dominant and cruel personality. Helen finds herself submitting to his dark desires, and entering a world of pleasure - and of pain!

*The Tasmanian Criminal Law Consolidation and Amendment Acts of the 27th Victoria* Boruma Publishing

In recent decades, there has been a growing recognition of the significance of the supernatural in a Victorian context. Studies of nineteenth-century spiritualism, occultism, magic, and folklore have highlighted that Victorian England was ridden with spectres and learned magicians. Despite this growing body of scholarship, little historiographical work has addressed the Devil. This book demonstrates the significance of the Devil in a Victorian

context, emphasising his pervasiveness and diversity. Drawing on a rich array of primary material, including theological and folkloric works, fiction, newspapers and periodicals, and broadsides and other ephemera, it uses the diabolic to explore the Victorians' complex and ambivalent relationship with the supernatural. Both the Devil and hell were theologically contested during the nineteenth century, with an increasing number of both clergymen and laypeople being discomfited by the thought of eternal hellfire. Nevertheless, the Devil continued to play a role in the majority of English denominations, as well as in folklore, spiritualism, occultism, popular culture, literature, and theatre. The Devil and the Victorians will appeal to readers interested in nineteenth-century English cultural and religious history, as well as the darker side of the supernatural.

[School of Discipline: The Complete Trilogy](#) Open Road Media

?You would do anything I told you? Absolutely anything?? ?Of course, Sir. After all, I?m the maid and you?re the master.? ÿ Emma is not a very good maid. Ungainly and accident prone, she's summoned before her master Lord Fanshawe expecting to be dismissed from his service. But it seems His Lordship has another kind of discipline in mind, and soon innocent Emma is thrust into a thrilling new world of pain and pleasure. Will a mere spanking satisfy his Lordship? Or will he feel the desire to punish his maid further, perhaps until she can take no more?

[Friendship, Desire, and Marriage in Victorian England](#) Boruma Publishing

In the first detailed study of its kind, James Gregory's book takes a historical approach to mercy by focusing on widespread and varied discussions about the quality, virtue or feeling of mercy in the British world during Victoria's reign. Gregory covers an impressive range of themes from the gendered discourses of 'emotional' appeal surrounding Queen Victoria to the exercise and withholding of royal mercy in the wake of colonial rebellion throughout the British empire. Against the backdrop of major events and their historical significance, a masterful synthesis of rich source material is analysed, including visual depictions (paintings and cartoons in periodicals and popular literature) and literary ones (in sermons, novels, plays and poetry). Gregory's sophisticated analysis of the multiple meanings, uses and operations of royal mercy duly emphasise its significance as a major theme in British cultural history during the 'long 19th century'. This will be essential reading for those interested in the history of mercy, the history of gender, British social and cultural history and the legacy of Queen Victoria's reign.

[The Devil and the Victorians](#) Salacious Stories

This book examines melodramatic impulses in Charlotte Brontë's Jane Eyre and Stephenie Meyer's Twilight Saga, as well as the series' film adaptations and fan-authored texts. Attention to conventions such as crying, victimization, and happy endings in the context of the Twilight-Jane Eyre relationship reveals melodrama as an empowering mode of communication for girls. Although melodrama has saturated popular culture since the nineteenth century, its expression in texts for, about, and by girls has been remarkably under theorized. By defining melodrama, however, through its Victorian lineages, Katie Kapurch recognizes melodrama's aesthetic form and rhetorical function in contemporary girl culture while also demonstrating its legacy since the nineteenth century. Informed by feminist theories of literature and film, Kapurch shows how melodrama is worthy of serious consideration since the mode critiques limiting social constructions of postfeminist girlhood and, at the same time, enhances intimacy between girls—both characters and readers.

[In the Days of Queen Victoria](#) Maid To Be Punished Victorian Maid Erotica Collection

Discusses the eight core pleasures--primal pleasure, pain relief, the pleasures of play and humor, and mental, emotional, sensual, sexual, and spiritual pleasure--and how they can enrich one's life

[Sinful Discipline II](#) Boruma Publishing

A philosophical look at the twisted, high-tech near-future of the sci-fi anthology series Black Mirror, offering a glimpse of the darkest reflections of the human condition in digital technology Black Mirror—the Emmy-winning Netflix series that holds up a dark, digital mirror of speculative technologies to modern society—shows us a high-tech world where it is all too easy to fall victim to ever-evolving forms of social control. In Black Mirror and Philosophy, original essays written by a diverse group of scholars invite you to peer into the void and explore the philosophical, ethical, and existential dimensions of Charlie Brooker's sinister stories. The collection reflects Black Mirror's anthology structure by pairing a chapter with every episode in the show's five seasons—including an interactive, choose-your-own-adventure analysis of Bandersnatch—and concludes with general essays that explore the series' broader themes. Chapters address questions about artificial intelligence, virtual reality, surveillance, privacy, love, death, criminal behavior, and politics, including: Have we given social media too much power over our lives? Could heaven really, one day, be a place on Earth? Should criminal justice and punishment be crowdsourced? What rights should a “cookie” have? Immersive, engaging, and experimental, Black Mirror and Philosophy navigates the intellectual landscape of Brooker's morality plays for the modern world, where humanity's greatest innovations and darkest instincts collide.

[Popular Anti-Catholicism in Mid-Victorian England](#) Bloomsbury Publishing

By the time that Queen Victoria ascended the throne in 1837, the list of crimes liable to attract the death penalty had effectively been reduced to murder. Yet, despite this, the gallows remained a source of controversy in Victorian Britain and there was a growing unease in liberal quarters surrounding the question of capital punishment. Unease was expressed in various forms, including efforts at outright abolition. Focusing in part on the activities of the Society for the Abolition of Capital Punishment, James Gregory here examines abolitionist strategies, leaders and personnel. He locates the 'gallows question' in an imperial context and explores the ways in which debates about the gallows and abolition featured in literature, from poetry to 'novels of purpose' and popular romances of the underworld. He places the abolitionist movement within the wider Victorian worlds of philanthropy, religious orthodoxy and social morality in a study which will be essential reading for students and researchers of Victorian history.

[Madness, Mayhem, and the Rebirth of the British Monarchy](#) Boston : Lothrop, Lee & Shepard Company

With the same sweep, authority, and originality that marked his best-selling Freud: A Life for Our Time, Peter Gay here takes us on a remarkable journey through middle-class Victorian culture. Gay's search through middle-class Victorian culture, illuminated by lively portraits of such daunting figures as Bismarck, Darwin and his acolytes, George Eliot, and the great satirists Daumier and Wilhelm Busch, covers a vast terrain: the relations between men and women, wit, demagoguery, and much more. We discover the multiple ways in which the nineteenth century at once restrained aggressive behavior and licensed it. Aggression split the social universe into insiders and outsiders. "By gathering up communities of insiders,"

Professor Gay writes, the Victorians "discovered--only too often invented--a world of strangers beyond the pale, of individuals and classes, races and nations it was perfectly proper to debate, patronize, ridicule, bully, exploit, or exterminate." The aggressions so channeled or bottled could not be contained forever. Ultimately, they exploded in the First World War.

Through a close examination of literature, memoirs, letters, domestic magazines, and political debates, Marcus describes how relationships between women were a crucial component of femininity and how they influenced marriage law.

[The Victorian Reports](#) Princeton University Press

Sally has made a terrible mistake. She has trespassed on private property, losing her way and stumbling onto the estates of two young Lords. And the punishment they choose? To debase's Sally's innocence. They will use her young body to satisfy their depraved lusts, leaving her frightened, excited, and by the end - begging for more! ~~~~~ PG Excerpt ~~~~~ Sally knew that she was not a great beauty, but nor was she bad-looking. If she put her hair up just right, perhaps she would turn a head or two. Perhaps a young, noble gentleman, fresh off his tour to Europe would spot her and find her a refreshing sight after the beauties of Italy and France ? lovely and English and homely. And perhaps something more would come of it, walks in the park and night of dancing and courtship? Perhaps even marriage, eventually. Of course, it was all a daydream ? but wasn't it nice to imagine, to dream of better things? Oh, she wished she was riding in the woods with a dashing, handsome young master instead of picking herbs alone. Yes, Sally knew that she was being silly and foolish, wishing that a young nobleman would sweep her off her feet, but she could not help herself. Besides, she was sure that even the other girls, who teased her about her daydreams, had similar longings.

[Victorians Against the Gallows](#) Stanford University Press

Anti-Catholic sentiment was a major social, cultural, and political force in Victorian England, capable of arousing remarkable popular passion. Hitherto, however, anti-Catholic feeling has been treated largely from the perspective of parliamentary politics or with reference to the propaganda of various London-based anti-Catholic religious organizations. This book sets out to Victorian anti-Catholicism in a much fuller and more inclusive context, accounting for its persistence over time, disguising it from anti-Irish sentiment, and explaining its social, economic, political, and religious bases locally as well as nationally. The author is principally concerned with determining what led ordinary people to violent acts against Roman Catholic targets, violent acts against Roman Catholic petitions, joining anti-Catholic organizations, and reading anti-Catholic literature. All too often, English history, and even British history, turns out to be the history of what was happening in the West End. One of the special distinctions of this book is that it shows the interplay between national issues and their local conditions. The book covers the period ca.

[Erotic "Victorians"](#) Bloomsbury Publishing

This explicit erotic box set contains the following titles: Taken For The First Time By The Doctor Margret is an innocent, untouched young woman who's worried about having a painful wedding night. Luckily her doctor, a mature older man, will ensure that she's ready for her special night no matter what it takes. What starts off small gets bigger and bigger, until he himself is taking her unprotected and for the very first time. This sizzling story is set in Victorian era. Bent Over By The Cruel Lord Greta dresses up as a boy to try to steal from the local markets, but the plan goes wrong when a muscular Lord grabs her by the scruff of her neck. When the Lord discovers her secret, Greta finds herself spanked in the public square - and that's just the beginning, to her pleasure. Set in Victorian London. Punished In The Stocks Elizabeth has never been a proper lady, but what she finds out she is to be denigrated by being put into a stock, she is shocked. Everyone in her well-to-do town understands what happens to women in the stocks. What scares Elizabeth most of all, are her own feelings. She had dreamt of public submission her entire life, and a part of her was always too scared to really give into her desires. She knows that if it came down to it, she would be more turned on than she ever was if someone was to actually do what the rumors talk about...

[The Victorian Statutes](#) Headline

Middle-class Victorian culture is explored in a study that discusses a society divided by restraints and aggressions that ultimately exploded in World War I. By the author of Freud: A Life for Our Time.

[Through the Black Mirror](#) Springer

The Victorian period was the age of the novel and critics at the time clearly saw the importance of prose fiction. First published in 1993, this anthology contains over fifty original extracts from contemporary critics on the early and mid-Victorian novel. Arranged thematically, the volume covers such topics as literary form, the social responsibility of literature, issues of politics and gender, the influence of criticism, realism, plot and characterisation, imagination and creativity, and the office and social standing of the novelist. The introductions and notes draw together the large number of voices and guide the reader through the Victorian literary critical debate. This accessible and invaluable guide will be of interest to those studying Victorian literature.

[Victorian BDSM Mega-Bundle](#) Manchester University Press

Lessons in love and a whole lot more, are in store in this saucy romp set in a European finishing school for young ladies. Packed off to a continental finishing school, 16-year-old Victoria thinks she will be taught how to be a dutiful wife for a gentleman. But she soon discovers that she has a lot to learn in the arts of pleasure at the Venus School for Young Ladies. There she encounters the strictness of Principal Madame Thackeray and her team of tutors. Under their guidance she learns the finer arts of sexual pleasure and discovers that there are plenty of fellow students and staff willing to share their carnal knowledge with this sweet young English rose. On returning to England, she finds her father in financial difficulty, and must turn her newfound education to good use to save the family estate. Angela Meadows is a regular short story writer for Xcite Books. The Education of Victoria is her first erotic novel.

[Reports of Cases Argued and Determined in the Supreme Court of Victoria](#) Boruma Publishing

Women Writing the Neo-Victorian Novel: Erotic “Victorians” focuses on the work of British, Irish, and Commonwealth women writers such as A.S. Byatt, Emma Donoghue, Sarah Waters, Helen Humphreys, Margaret Atwood, and Ahdaf Soueif, among others, and their attempts to re-envision the erotic. Kathleen Renk argues that women writers of the neo-Victorian novel are far more philosophical in their approach to representing the erotic

than male writers and draw more heavily on Victorian conventions that would proscribe the graphic depiction of sexual acts, thus leaving more to the reader's imagination. This book addresses the following questions: Why are women writers drawn to the neo-Victorian genre and what does this reveal about the state of contemporary feminism? How do classical and contemporary forms of the erotic play into the ways in which women writers address the Victorian "woman question"? How exactly is the erotic used to underscore women's creative potential?

**Supernatural Evil in Nineteenth-Century English Culture** Springer Nature

Women in Victorian England wore jewelry made from each other's hair and wrote poems celebrating decades of friendship. They pored over magazines that described the dangerous pleasures of corporal punishment. A few had sexual relationships with each other, exchanged rings and vows, willed each other property, and lived together in long-term partnerships described as marriages. But, as Sharon Marcus shows, these women

were not seen as gender outlaws. Their desires were fanned by consumer culture, and their friendships and unions were accepted and even encouraged by family, society, and church. Far from being sexless angels defined only by male desires, Victorian women openly enjoyed looking at and even dominating other women. Their friendships helped realize the ideal of companionate love between men and women celebrated by novels, and their unions influenced politicians and social thinkers to reform marriage law. Through a close examination of literature, memoirs, letters, domestic magazines, and political debates, Marcus reveals how relationships between women were a crucial component of femininity. Deeply researched, powerfully argued, and filled with original readings of familiar and surprising sources, *Between Women* overturns everything we thought we knew about Victorian women and the history of marriage and family life. It offers a new paradigm for theorizing gender and sexuality--not just in the Victorian period, but in our own.
