Deepak Chopra, M.D., has emerged as one of the most powerful leaders in the revolutionary field of mind/body medicine. His extraordinary bestseller *Quantum Healing* explored the mind's connection to seemingly miraculous cures for cancer and other serious illnesses. Now, in *Unconditional Life*, he undertakes an even greater challenge: to explain how consciousness can lead the way to total freedom and perfect health. *Unconditional Life* brings together disciplines ranging from modern physics and neuroscience to the ancient traditions of Indian wisdom to show how our perceptions create our reality for good or ill--and how the outside world can be shaped by altering the world within. In a book filled with hope and inspiration, Dr. Chopra offers compelling proof of the power of consciousness and a daring new vision of our own unlimited potential.

Fifth Dimensional Healing is a holistic healing manual which offers practical techniques and sacred wisdom that enable you to heal yourself and return to your natural state of enlightenment. After a short bio where I share my own healing journey, you'll read part one of this book, which explains Fifth Dimensional Healing, a technique that was channelled to me from my higher self. If you're not sure what the fifth dimension is, what channelling is, or what the higher self is, I've included a glossary at the beginning of the book for you to reference. Part two focuses on healing the body. Is bread actually bad for you? Which fats keep you energized and which ones make you sluggish? How do you remove heavy metals from your body? How can you cleanse your organs properly and feel energized? Part three focuses on healing the mind. How does meditation heal the brain? Is channelling dangerous? How can you start communing with spirit guides? Is magic real and how can you start manifesting your dream life using it? Part four focuses on healing the emotions. How can you safely release trauma stored deep within your body? What's the difference between soul mates and twin flames? What does it mean to love yourself? What is sacred sex? Part five focuses on healing the spirit. How can you strengthen your intuition and step into your psychic genius? What is astrology and does it take you away from your free will? What is your power animal and how can it help you? Why the heck did you choose to incarnate here anyway? Currently we're living in a third density Earth with fourth dimensional consciousness. We're moving into a fourth density Earth with fifth dimensional consciousness. Fifth Dimensional Healing is a guidebook for navigating this shift. May it serve as a catalyst on your healing journey.

*Everyone Is Searching for It, Few People Claim to Find It, Most Seem to Miss It* iUniverse

Every physical, emotional, or sexual exchange you have with another human being creates an energetic cord between you and "them." It's like quantum entanglement; your energy is connected to that experience and that person until you sever the cords. As these exchanges mount up, your energy body will become so depleted that you will open yourself to disease and accidents. The Toltec art of recapitulation, first introduced by Carlos Castaneda, which the author has practiced for thirty years, can help release these cords and reclaim this lost energy for your greater development. The author presents step-by-step instructions to release childhood traumas, relationship encounters, abuse, and the insults of daily living. Once you're cleared, the second half of the book presents exercises to raise one's consciousness and become fully integrated spiritual beings.

Here the author explores the recovery aspects of yoga, meditation, the non-talk therapy of Focusing, and the Jungian balancing of our four psychological functions. This leads the reader, or those ready and invited by the Goddess, to clear one's chakras of present and past-life debris and to ignite the fire of kundalini and nurture its rise to higher states of consciousness. *A Guide to Energetic Healing* makes healing trauma, abuse, or the insults of daily living, very accessible. John Nelson's kind, gentle and engaging voice clearly explains these ancient healing practices while guiding you toward greater healing, balance and peace. Nelson expertly grounds energetic healing in historical context while adding fascinating anecdotes and examples. This practical sixth book in the *Crystal Prescriptions* series covers crystals for karmic clearing, soul integration and healing the family tree. In addition to our own karma, we are hampered by ancestral memories, attitudes and beliefs that are not necessarily ours. Fortunately, some extraordinary new crystals have appeared which help us to quickly and easily break lineages and clear our 'junk DNA', without having to relive the trauma of karmic history. With the assistance of these crystals, and some old favourites, it is possible to heal far back into the genealogical line and our own karmic past. The healing is then projected forward into the future so that generations to come can have the benefit of garnered soul and ancestral wisdom, but without the baggage.

Anne Brewer, a corporate marketing consultant, was stunned when she began receiving telepathic messages from a group of friendly non-physical beings sent to help raise the consciousness of Earth. According to these beings, in eons past, humans were created with only two active strands of DNA which limited our evolutionary potential and inhibited the ability to ascend or function as Spirit in physical form. They taught her a process called 12-Strand DNA Recoding that she has shared with thousands in her book, *The Power of Twelve, A New Approach to Empowerment Through 12-Strand DNA Consciousness*. Anne's remarkable true story of her DNA Recoding is of great assistance to all of us who desire to achieve our full potential. Her transformative process includes powerful channeled instruction and holistic balancing modalities to quicken manifestations and clear the path to love. The power of the 12-strand DNA energy is illustrated through Anne's examples of how she obtained greater health, wealth, and happiness in her own life. This power will

increase your energy vibration which enables you to operate at a greater potential, increase your psychic abilities, release debilitating emotions of fear and guilt, quicken your skills for manifesting, and enable you ultimately to ascend from the Earth realm to the next phase of your soul growth.

A Comprehensive Guide to Understanding and Healing Shared Trauma What can you do when you carry scars not on your body, but within your soul? And what happens when those spiritual wounds exist not just in you, but in everyone in your family, community, and even beyond? Spiritual teacher Thomas Hübl has spent years investigating why it is that old and seemingly disconnected traumas can seed their way through communities and across generations. His work culminates in *Healing Collective Trauma*, a new perspective on trauma that addresses both its visible effects and its most hidden roots. Thomas combines deep knowledge of mystical traditions with the latest scientific research. "In this way," writes Thomas, "we are weaving a double helix between ancient wisdom and contemporary understanding." Thomas details the Collective Trauma Integration Process, a group-based modality for evoking and eventually dissolving stuck traumatic energies. Providing structured practices for both students and group facilitators, *Healing Collective Trauma* is intended to build a practical tool kit for integration. Here, you will learn: The innumerable ways trauma shapes our world—from identity and health to economy, geopolitics, and the state of the environment The concept of "trauma loyalty"—unconscious group bonds based in a pain narrative How the climate crisis is both a manifestation of humanity's collective trauma and an opportunity to heal "Retrocausality"—how the power of presence can reshape the past and make new futures possible Including essays contributed by experts such as Dr. Gabor Maté, Dr. Otto Scharmer, Dr. Christina Bethell, and Ken Wilber, *Healing Collective Trauma* offers not just an advanced look at community trauma but also a hopeful glimpse of the future. As Thomas declares, "Together, I believe we can and must heal the 'soul wound' that marks us all. In so doing, we will awaken to the luminous possibility and profound potential of our true, mutual nature as humankind."

Work affects most of us at some point in our lives. Work can be a source of growth, connection, and purpose, but too often it is a source of feeling aimless, bullied or manipulated. Sometimes it comes through overarching ambition, striving to climb up the corporate ladder only to find it is leaning in the wrong direction. There are degrees of emotional and physical suffering when we feel anger, misery and unhappiness with unenlightened work. The Enlightenment of Work is about ending that suffering. This book is essential for anyone wishing to: Transform your suffering at work: Suffering can come in many ways. It can come through feeling aimless and bored where the only reason for being there is to collect a salary each month. It can come through stress, overwork and burnout. This book offers a simple philosophy: suffering happens - but we can transform that suffering. Realise their innate gifts, talents and purpose: Most work disconnects us from knowing our authentic self - our essence or soul. Trust your courage, ideas, intuition, and discover your true self. Reclaim their time: Time is your most precious resource and one you cannot afford to waste. However, many of us work in busy environments that leave little time for real thinking or reflection,

or for doing anything very new or interesting. Busy and idle minds can get locked into different forms of anxiety about the past and the future. The changing world of work demands emotional and spiritual intelligence. No one has to stay with work that oppresses the spirit. This new world is about choice.

The energies are not meant to replace but to enhance.

The 7-Step System to Awaken Your Spirit, Heal Your Body, and Live Your Best Life Cambridge Scholars Publishing

A practical guide to shamanic ancestor work, inspired by Huna and supported by guided rituals and exercises • Explains how to heal traumatic experiences and old blockages that are stored in the memory of your lineage • Includes Hawaiian teachings about spiritual and genetic ancestors and reveals how to bond with your spirit family, your Aumakua • Shows how unlocking the support of your ancestors enables you to shine your light fully Knowing your ancestral lineage is not only a matter of curiosity, your life path will unfold with much more ease if you are aware and in harmony with your origins. Exploring the heritage of your bloodline as well as the energy of your spiritual family, which we are often less aware of, opens you up to enormous potential for healing and self-development. This practical guide explains, in a clear and straightforward way, how the energy field of our ancestors influences our personal lives and how we can draw from their strength as well as liberate ourselves from burdens that have been carried over generations. It helps us to lift the veil of forgetting and allow ourselves to fully shine our light, supported by the souls that came before us, by making peace with past hurts and traumas. Drawing on the Huna Hawaiian shamanic tradition as well as other shamanic and energetic practices, the authors show how to connect with our Aumakua, our ancestors and higher self, which includes our close relatives, ancestors stretching back thousands of years, and our spiritual ancestors or karmic family. The authors offer practices to reconcile with our parents and spiritual family, uncover suppressed matters and family secrets, clear and charge our personal energy field and our family energy field, and awaken the potential of our bloodline. They explain how to perform an ancestor healing circle, carry out an ancestor release ritual, and offer blessings for children and grandchildren as well as providing meditative journeys to meet our ancestors, our spiritual family, and our spiritual roots in other realms. They also provide short case studies to illustrate how the rituals and exercises have worked for other people. By enacting ancestral healing, we can recognize who we are, where we come from, and truly fulfill our destiny in this life.
