The Leatherman's Handbook II

## **MARLEY PHELPS**

*The Leather Couch* L T Publications

Rather than just a regular book of protocols, *The Leatherman's Protocol Handbook* documents the history of John D. Weal's experiences with the so-called 'old guard'. It contains details of all of the protocols, positions and hand signals and defines the difference between rituals, etiquette and protocols. It also contains details of past ceremonies, discusses the hierarchy that once existed between various leather organisations and more.

*The Bear Book* Alyson Books

Winner of the 2021 AASECT Book Award! *The Leather Couch* provides a comprehensive overview of the BDSM and kink community and guides clinicians on how to meet the unique relational and mental health needs of its members. The text offers a 101-style introduction to BDSM before delving into topics ranging from intersectionality within the kink community, to conducting a kink-affirming risk assessment and how to discern between domestic violence and consensual power-exchange. The

author explores differential diagnoses and clinical concerns that are relevant to health care providers, including social workers and therapists as well as primary care physicians and sex educators. Interwoven throughout with real-world case studies, each chapter presents practical suggestions, tools, and handouts the reader can use to inform their practice and serve clients in ways that meet the needs of each individual, couple, or partnership. Written in a conversational, accessible style for clinicians and members of the BDSM community alike, *The Leather Couch* is the go-to resource for any mental health professional or educator looking to transform their practice from kink aware to kink affirming.

*The Leatherboy Handbook* Nazca Plains Corporation  
*The Leatherman's Handbook* L.T. Publications  
*Theory and Therapy* Masquerade Books

In celebration of the more than a decade of success of *The Complete leatherboy Handbook*, Vince Andrews has focused his experience and insight on a new handbook. Now he takes on the challenge of

introducing the reader to the greater world of Leather sexuality: gay and straight, male and female, D/s and S/M and Kink. Andrews explores the differences that make the greater Leather community so diverse and colorful, as well as the commonalities that have brought these groups together. With the same experience-based clarity and objective perspective he has brought to his previous work, Andrews explores the histories of the various groups that form Leather culture, and how those groups have intersected throughout the 20th century - and how they are growing into the 21st century. This book gives the reader historical background and a clear understanding of what makes up modern Leather culture: thought, art, ritual, fashion, public figures, legislation, and literature. *The Leather & BDSM Handbook* is designed to provide a foundational understanding of the Leather culture to help not only newcomers to the scene, but also experienced Leatherfolk who are adjusting to the Leather community's growth and development in new directions. Andrews's work gives you

the depth of understanding of the Leather world and its history to enable you to be comfortable communicating your own thoughts and views to others within the culture. Essentially, it provides the tools, insight, and understanding you will need to succeed in the world of Leather.

*My Mentor, My Guide*

Daedalus Publishing

A Guide for the Curious Outsider and the Serious Player, A How-To book with expert advice on S/M,

bondage dominance, submission, fantasy, role-playing sensual physical stimulation, and fetish.

The Second Coming

Greenery Press (CA)

Following the phenomenal success of the original *Leatherman's Handbook*, this sequel was written from a new perspective a decade later. The Leather/SM Community has matured over the intervening years, as has the author. Some attitudes have changed and some of the more popular pleasures have evolved into different forms. This new book addresses these changes, explains them and provides the first ever statistical survey of the scene.

*Macho Sluts* Daedalus Publishing

The idea of humans taking on the persona of animals for rituals and for pleasure dates back thousands of years. There are many subcultures in the world today that have been enjoying taking on the persona of human pets for decades in this country, just behind the scenes of what society accepts. In the past 10-15 years, there has been a human-puppy revolution happening. While it was first overtly noticeable in the deeply sexual, gay leather community, people from every walk of life are deriving pleasure from letting go of the cares of this world and taking on the care-free persona of an animal. Within the past several years, the concept has even made its way into prime-time TV, although generally with a negative connotation. This book takes an in-depth look at the human puppy movement over the past decade. After a cursory look at history, the author defines the movement as it is happening today, and offers observations and advice to those who are learning what human puppy play is all about. Included in the discussed topics are pup roles, mosh etiquette,

leather relationships, and puppy competitions. A unique characteristic of this book is that the author also takes time to delve into the art of handling the human pet; giving advice and tips for those who are not human pets, but love them. A lengthy section is devoted to the role of the Trainer/Handler and how they relate to the puppies in social settings, group interactions, and training situations.

*SM 101* Springer Science & Business Media

The highly regarded, comprehensive introduction of consensual SM - bondage, giving and receiving, pain, role-playing, negotiation, finding partners, and more. Revised, updated and expanded, including a new chapter on SM Organisations, sections on knifeplay, lifestyle relationships, SM, pregnancy and more, and illustrations of key points.

**The Leatherman's Handbook** Daedalus Publishing

A subculture of gay men participate in a radical form of sexuality and community known as leather. Through intimate forms of encounter, using such tools as pain-pleasure, bondage, and

role-play, leather can bring a shift of consciousness and a new vision of the self. This innovative book pioneered in sensitively exploring and celebrating leathersexuality. As relevant today as when it was written 20 years ago, *Urban Aboriginals* is an intimate view of the gay male leather community. Within its pages, author Geoff Mains explores the spiritual, sexual, emotional, cultural and physiological aspects that make this scene one of the most prominent yet misunderstood subcultures in our society. Geoff Mains was a sweet, intelligent, articulate, and wonderful man who cared passionately about the leather community. He wanted to make sure that its accomplishments would be remembered and its wild beauty understood. *Urban Aboriginals* resulted from his love and is an enduring part of his legacy. It is a unique cultural study, and a priceless document of a now vanished time.

**Run, Little Leather Boy**

Daedalus Publishing  
Larry Townsend's first handbook was an immediate cult classic upon its release in 1972. Its publication was the

first step to bringing gay 'leathersex' out into the open. Presented here in a completely revised and updated edition, this is still the most authoritative work in the field and is sought after by beginner and advanced practitioners alike.

Gay San Francisco

Routledge

This is the third edition of *The Leatherboy Handbook*. Now with over 100 pages of new and expanded content from the previous editions. Re-written to be gender-neutral, with updated advice and suggestions, this leatherboy handbook is sure to be worth getting an updated copy for any leatherboy library. To go from an unsure "leather-interested person" to a fully evolved leatherboy is one of the hardest things a person can do in life. For some, you are coming out for the second time. But that is not the end of the journey for many people.

The quest is never-ending, and the road is full of strange things, places, and lots of questions. In many cases, the road forks, and we take turns that could ultimately lead to a happy or horrible situation. This book will discuss the history surrounding the leather world, with newly

added leatherboy-specific history. Even though this book was originally written from a gay perspective, please do not assume it can benefit only gay males. Sexual gender has NOTHING to do with being a leatherboy - as you will learn in this book, the same lessons apply to sexual orientation. Mind you, some dynamics may be altered, but the rules and reasons remain the same. This book will give you the tools and insight into the alternative sexual world of the leatherboy and the pointers you will need to succeed. For those interested in content about being a Dominant and still provides this continued insight into leatherboys or submissives, we recommend you get a copy of *The Leather and BDSM Handbook* by Vince Andrews. This book was primarily designed for leatherboys and submissives.

The Bondage Photos of

Tom "Ropes" McGurk

Adynaton Publishing

Every year the few hundred members of the Committees, Task Forces, and Councils of the American Psychiatric Association meet in Washington, D.C. to conduct their business. They deliberate on a wide

variety of issues encompassed in the activities of each group. The psychiatrists constituting this mixed and somewhat elite group include some of the better-known and promising people in the profession, which makes the plenary session and cocktail party good occasions to meet old friends and to make new ones. Several years ago one of us (N.B.L.) attended this gathering as a member of a soon-to-be defunct group, the Committee Liaison with the American College of Physicians, and met Ann Chappell, a member of the Task Force on Women. We were soon joined by Richard Grant. Ann impressed us with the work her group was doing on issues surrounding the Women's Movement as it relates to patients and the changing roles of the early 1970s. She was struck by the fact that although some women had been very active in this endeavor, nobody in American psychiatry was addressing issues which are arising in men as a result of the changing roles of women in society. Dick and Norm were moved by what she said and decided that they would make an effort to

gather together people interested in the issue of the changing roles of males in society at the oncoming meeting of the American Psychiatric Association.

The Life and Times of the Legendary Larry Townsend The Nazca Plains Corporation

Since its publication a decade ago, this Lambda Literary Award-nominated book has become a classic, must-read book on human sexuality and identity. Widely cited as being among the most useful books of its kind, this co-gender anthology is both historical witness to and provocative treatise on this unique and often misunderstood subculture. The diverse contributors look at the history of the gay and lesbian underground, how radical sex practice relates to their spirituality, and what S/M means to them personally.

Clinical Practice with Kinky Clients L T Publications

Expanding upon his original now out-of-print work, "The leatherboy Handbook," and including even more of his own experiences in the leather community as well as some of the best source material available, Vincent Andrews has

created a wonderful resource for anyone interested in the "leatherboy subculture" that many believe will become the "companion" volume to Larry Townsend's seminal work, The Leatherman's Handbook.

The Heart of Dominance Alyson Books

Stalked tells the highly erotic story of two men, one a handsome young actor on his way to stardom; the other a loser whose obsessive attraction turns him into a vicious, merciless killer, a stalker whose megalomania eventually overcomes ever other facet of his being. In the end, his victim is forced to make a truly dreadful decision. Along the way, we see the authors skill, and his knowledge of human behavior permitting him to give us a twisted, convoluted plot that keeps the reader turning the pages, unable to break the spell that forces him to identify first with the bright optimistic prospects of victim, then with the dark and menacing dissolution of the killers psyche. His obsessive drive threatens to leap free of the printed word and to work its will upon the unsuspecting observer.

The Leatherman'sHandbook Badboy

A Handbook of Erotic Dominance, Examines various issues of erotic dominance, including SM, safety, sex, erotic power techniques and more.

*The Master's Manual*

Alyson Books

The Heart of Dominance is a how-to guide to the concepts and skills at the heart of consensual dominance. If you are new to dominance, still figuring out just what it's all about or what you want it to mean to you, then this book will provide you with a solid foundation from which to start. If you already practice dominance and are interested in

improving your ability to create deep and lasting power dynamics then you'll find many advanced concepts and concrete techniques to integrate into your own personal style. If you have an interest in the bedrock principles of inspiring, deepening, maintaining and enjoying control over a person who dearly, desperately wants you to control them, then this book is for you.

A Celebration of Leathersexuality

Routledge

The field of lesbian S/M erotica has no equal to the bestselling author and cult icon Pat Califia. Now she and author/activist Robin Sweeney have

compiled the definitive readers for anyone interested in the cutting edge of radical sexuality, with fiction and nonfiction from the leading writers of erotica.
